

I'm not robot!

Ash vs evil dead parents guide.

November 16, 2020 This title has: April 3, 2020 It is a great show but very gory! This title has: Too much drinking/drugs/smoking March 8, 2020 In all honesty, I have only watched the first 4 or 5 minutes of the show. I've read great reviews about it, and I'm sure (as an adult) that I will probably really like it. That said, as someone who is looking for a show to watch with my 12 year old, I think this show is a pass for now. This was all I needed to see...in the first 2 to 3 minutes of the show the main character takes a stranger into a bathroom. They have sex with her bent over the sink while Ash repeatedly slaps her rear. There is no nudity (except for a little side butt) but there is absolutely no ambiguity about what is going on. Definitely not what I want to put into my 12 year old's head about sex. July 16, 2019 Ash vs Evil Dead is probably one of the best Horror comedy series. It's engaging. It's funny at times. It's also scary more often than not. But it's definitely NOT for kids or people under 18. It's extremely gory & sometimes disturbing. The violence is explicit & brutal. There is swearing here & there, but not too much. Overall, Great watch but not for kids. Too bad that this masterpiece ended in just 3 seasons. Which each season it just kept getting better & darker. This title has: Too much drinking/drugs/smoking May 25, 2019 I'm not a Gore/ horror person but watched this with my husband. If you like Gore this is for you because it's far from lacking. You see people getting saved apart moments after death, and a vast variety of ways of death that have an unrealistic amount of gushing blood. This also goes hand and hand with some form of sexuality or nudity in each episode. Mostly you can find background nudity of posters if you look closely. Also there is a very graphic morgue scene in which I found upsetting. I checked the web for what nudity was in this show and found little do decided this was an ok show. However for several minutes there is full nudity of male and female in this scene (Gore as well). So if your looking for Gore and nudity then this is your show. If your child is asking to watch I strongly advise against this show. This title has: Too much drinking/drugs/smoking October 26, 2018 As many other fans were, I had been dreaming of another movie in the Evil Dead series. I was a little unsure about the tv series format when I first heard about it, but once I saw the trailer for season one, I was pretty sure this would be good. And it was. It's all the gore, and all the humor fans would expect. They also introduced some great new characters to the Evil Dead universe. I'm just sad that they ended after season 3 ... as the way the series ended just made me want more. My 8yo daughter has seen Army of Darkness and loves it, but I won't let her watch this. We'll have to wait a few years. While I don't care about my daughter hearing an occasional F-bomb (she's heard them all by now anyway), or seeing the occasional gory bit, this show has non-stop foul language, constant extreme gore, and a (hilarious) sex scene or two. A bit too much. However, the Kelly character is a nice example of a strong, confident, female lead. This title has: Too much drinking/drugs/smoking April 30, 2018 This is cartoon violence at its best. Bruce Campbell is great. It's like spilling paint on a painting. It's okay because there's already paint on it. Classic. This title has: June 19, 2017 My son watched this when he was 13. He is 14 now. It hasn't affected him at all and he loved it. A bit of hilarious bloody fun. Mature 12-year-olds should be able to handle this easily. This title has: April 21, 2016 Being a fan of the original movies I was sceptical that this follow on would be any good. I wasn't disappointed however - it follows on perfectly! Bruce Campbell is in top form and looking great. While his character is a bit more animated in this series compared to the movies - it only improves the level of humour and brings the character of Ash to life in a good way. In terms of role modelling however, Ash's self absorption, drug taking and referencing, and way of objectifying women, while often funny, doesn't depict a very positive standard for youth to observe. In the movies he began as innocent and thoughtful and developed a bit of an attitude - but nothing more - in the third movie, this series sees quite a downward leap in the moral standards of the character. One of the other main characters however is depicted as someone with good morals which in some ways makes for a good balance. In terms of blood, gore and violence, the series excels. The effects are quite impressive but often lack the 'Realness' of the movies because of the use of CGI. However after watching the walking dead I thought I'd seen it all, but somehow each episode comes up with something even more shockingly disgusting and gory. Certainly not for younger viewers. The only thing that ruins the show for me is the consistent swearing. Apart from Ash, most of the characters say the F word frequently, and not just in relevant context - but just for the sake of it. One thing this site never quite gets correct in the language stat - this series is definitely 4/5 for bad language, not 2/5. I've played games and seen movies that this site has given 4/5 for language that didn't have anything worse than the word 'Damn'. Whatever system they've got going on obviously doesn't work that well when it comes to swearing. There is also a lot of sex references, inuendos, and on the first episode a rather crude sex scene involving Ash and woman in the public toilets. Its sad that they've made the series this way when the movies weren't like that at all. But when all is said and done, the way the show has been made, the sounds and atmosphere of the movies cleverly reproduced and the top quality acting, is still very good. But the R18 rating has definitely been given for a reason - NOT for kids. There are several instances of possessed being picking up and throwing other characters at objects or otherwise hitting them and abusing them. A possessed woman stabs another woman in the ankle with a pencil, and thick blood oozes out of the wound as she screams in pain. A man forces a woman into a cellar and hits her in the face with the handle of an axe to knock her out. A possessed woman scratches the side of a man's face with her fingernail, blood pours out of the wound. A possessed woman falls into a lit fireplace and her face is smoldering and bleeding when she gets out. A woman bites off her own hand, you see blood gush while she is chewing and you hear crunching of the bone while a man watches in horror. When she is finished she screams in pain and blood squirts and spews from the bloody stump. A possessed woman slashes a man with a voodoo knife and licks the blood off of it. In more than one instance, a man stabs a woman in the back with a voodoo knife, we see blood pour out the head of the knife. The woman then falls onto her back, driving the knife in further. When the woman is stabbed she spits out blood and a white substance. The same liquids pour out of all of her wounds. A man chops up a woman with an axe, you see blood splash off the axe each time he draws back and the axe making contact with and chopping off the woman's hand and foot. You then see the woman's bloody, severed body parts twitching on the ground. A possessed woman is shot in the head with a shotgun. Blood splurts out of the wound. A man hits a possessed woman in the head and face multiple times as she mocks him. A woman grabs a man's leg and scratches it until we see bone, blood is pouring out of the wound while she does it. A woman jumps into the air and a man whacks her head off with a shovel. You see the body on top of the man still grabbing at him and blood spews and sprays in his face while the blood-splattered head comes alive. As a man is trapped in a cellar, the walls start oozing blood; a water pipe breaks and starts spewing blood all over the man. A light-bulb fills with blood pouring from the socket, turning the room red. It is implied that a man was attacked by the woods, we see his face badly cut and skin peeled off of it. He is covered with blood, and is still bleeding. Blood pours out of his mouth. A man shoots a woman in the head and neck, we see blood spurt from the wounds. A man grabs another man's leg and begins to bite into it, we see blood start to trickle out of the wound. A woman hits a man in the back with the blunt side of a fire poker. In a stop-motion sequence, the demons possessed bodies begin to decompose with lots of blood and gore as their bodies disintegrate. Their hair falls out, their flesh turns to goo, and blood pours everywhere. One of the bodies falls on the ground face first, and the head explodes covering a man completely in blood and chunks of brain. Giant hands rip apart two demonic possessed bodies, throwing their insides everywhere. Blood explodes onto another man. A man's head explodes. Blood sprays another man like a fire hose and brain matter flies all over the place. The main character pushes his thumbs into the eyes of a possessed man and a large amount of very thick blood oozes out. He then pulls a piece of wood out and a large stream of blood shoots out like a fountain. Several characters (notably the protagonist) become absolutely covered in blood from head to toe. The Parents Guide items below may give away important plot points. The "tree rape" is lengthy but it isn't as explicit as people say; it's more intense and scary than sexual in nature. It's more of just branches scratching the woman and tangling her up than anything sexual. However, there is a very brief shot where a branch pokes her crotch and one breast is seen (not graphic and barely any nudity). Most of the scene is the tree attacking the woman in a violent way. Even then there are WAY more violent and gory scenes in the film than this. there is only one kiss in lips scene
